Sample association (composite)

Not a live building. Snapshot style: September 30, 2026

PUBLIC BAND · WATCH

Monthly dues looked cheap. The same year carried a planned painting assessment and a structural reserve study that modeled a large forward year. CAMREXA treats that as Watch until current reserve cash is matched to the study.

What a paid report includes

- HOA Health Score and confidence
- Eight inputs with source class (primary vs lead vs MLS)
- Open assessments and who typically pays at closing
- Questions for the estoppel, budget, SIRS, and insurance dec page
- What would move the band to Strong or High Risk

Limits

This is research, not an appraisal, inspection, or legal opinion.
Verify current association documents before you buy.
CAMREXA is not Ameritech Roofing and not Miller & Associates Realty.
